

Precept Ministries & Continuing Education

What are CEUs? CEUs (Continuing Education Units) are professional credits earned by participating in approved professional development programs. In addition to advanced degrees, CEUs certify or re-certify the professional status of teachers most Christian organizations require for their staff. Precept Ministries International's (PMI) biblical studies are accredited by the Association of Christian Schools International (ACSI: www.acsi.org).

Can I verify Precept's ACSI accreditation? Yes you can, in fact ACSI encourages you to do so! Their certification department lists all ACSI-approved providers who issue certificates. In addition, PMI logs ACSI's approval letters and numbers for each course.

What kinds of Precept courses offer professional CEUs? Precept offers CEUs for PUP, I&O (In & Out), NISS, and Lord Series Courses, Workshops, and even Tours.

How is the number (#) of CEUs per course calculated? Six hours of in-class instruction are required per CEU. This includes personal or taped (audio or video) lectures and class discussions but excludes study assignments, reading, writing, and research time. Our Web listing gives the number of CEUs for each course.
